

17-24.08.2015

Murzasichle - Poland

# Cultural Beat

## Voices without borders

### Youth Association 'ART'

#### PRESENTS

**Project "Cultural Beat - Voices without borders"** is an international youth exchange, that will take place in Murzasichle between 17-24 of August 2015. Its main goal will be to promote music and culture among the youth and local communities. Youth participating in the project comes from three neighbouring countries: Poland, Lithuania and Czech Republic - together in the number of 39. The project will aim to foster exchange of experiences dealing with the way people perceive the music and singing in the context of human development and the way music affects various aspects of life such as : tolerance, dialogue, cooperation and acceptance of diversity. The project will also promote musical education and integration between countries. Activities planned during the project will be done using means of non-formal education while simultaneously frequently resorting to the main theme of the project, which is music and singing. Project activities will be characterized by high degree of interactivity. We have planned group activities, music workshops, intercultural evenings, games, and workshops with attendees from the local community. We are certain, that in the long run our project will contribute to the increase of motivation among the youth to engage in the field of music, increase of tolerance and motivation to work with people from other cultures. The final product of our project will be a video-clip "Sounds Steps" - promoting culture, music, tolerance and international cooperation of youth.
