

Youth Exchange (YE)
“Kids wanna have Fundamental rights”
23.06.–09.07.2018

Preliminary Visit (APV)
25.–27.05.2018

Austria, Klaffer

Project Description:

As we celebrate the 70th birthday of the United Nations Declaration on Human Rights (signed at the 10th of December 1948), we realised that the topic of Human Rights and its awareness aren't after all as spread and implemented in this world as we wished it to be.

Now we know that we cannot change the world all in one but little by little. Mainly with **starting to educate**. Educate adults, educate youngsters and bring them all together to get to know about the importance about Human Rights.

Our specific topic will be "Children and Youth Rights", because they are our future and their views and behaviour build a fundament for a further development of a society.

The most emphasis will be put on outdoor activities and non-formal education.

Participants will work in groups on various specific topics connected with the main one of "Rights" and the outcomes will be presented in frames of a school ending camp with more than 300 participants.
