“Live Together, Learn Together” is a project born from the project “Play Together, Learn Together”, held in Elche in June/July of 2016. During this seminar varied strategies and good practices were shared with the main focus of using sport as a tool for social inclusion. One of the Spanish organizations that had participated in that seminar, Dragones de Lavapiés, is the organizer of this new project “Live Together, Learn Together” with the following goals:

- AIM: To foster social inclusion through coexistence and youth participation”
- GOALS:
  - o Exchange experiences and good social inclusion practices through coexistence initiatives and participation of the youth.

- Share the realities of the participating partners related with strategies fostering coexistence and youth participation.
- Foster intercultural dialogue through coexistence and youth participation.
- Create a booklet with experiences and best practices about youth initiatives and self-managed communities that are promoting the coexistence between young people and the community.

Understanding that coexistence is a priority in this nowadays more intercultural society, we are going to focus in fostering social inclusion and preventing radicalization of young people through local actions that involve the them. This project is aimed to the creation of coexistence spaces where young people can be motivated to participate in the society, being part of a “larger” thing that will increase the feeling of community.

- And much more that we will discover during the seminar.

## THE VENUE

Lavapiés, this is the “barrio” (neighborhood) where we will be hosted during the seminar. This is one of the most typical neighborhoods in Madrid, next to the city center (Considered as city center, actually) and its name means literally “wash feet”. Nowadays, Lavapiés is the neighborhood with the highest concentration of immigrants from several nationalities. This makes it the perfect spot for our project.

Dragones de Lavapiés, our hosting organization is based in this “barrio” and their young members have more than 50 different nationalities. Here we will be visiting different local initiatives that are fostering the coexistence among the neighbors.

You can find more information about Lavapiés, here: <http://www.timeout.com/madrid/things-to-do/the-best-of-the-barrios-lavapies> We kindly encourage you to seek for more info about this amazing neighborhood ☺
