No time to lose! Reduce, Recycle, Reuse (3R)

Project description:

"*No time to lose! Reduce, Recycle, Reuse*" project is a Youth Exchange which will be hosted at the metropolitan region of Thessaloniki (Agia Triada). During this youth exchange, six representative Youth Organizations, coming from countries throughout all Europe, will participate to this multinational mosaic. A total number of 40 individuals, will discuss for the advantages, the benefits and the challenges of non- formal education, which is the crucial part, of the "Erasmus+" program. Participants will share their experience, present the best- off their practices, express their concerns and contribute to an open- dialogue upon environmental issues.

The project "No time to lose! Reduce, Recycle, Reuse" is a youth exchange which addresses art and environmental issues, through artistic creativity. Making a proper use of these tools we want to raise public awareness, related to environmental challenges in European and local level, for instance the city of Thessaloníki, Greece.

40 youth leaders and workers from Spain, Greece, Czech Republic, Italy, Portugal, Romania will cooperate through different art workshops to achieve one common goal. The main objective of the project is to draw attention to the problem of maintaining a clean environment. During these 7 days of "No time to lose! Reduce, Recycle, Reuse" youth exchange, participants will have the chance to discuss current issues, share ideas how to preserve environment clean, to simulate simple steps that will help towards reducing the impact of negative factors, which is caused by counterfeiting of secondary raw materials.

All conclusions, suggestions and ideas of participants will be shown through different style of arts such as: video, theatre, art workshops with paper & plastic trash, bottles, reusing clothes etc. The result of the project will include a final report - video, related with the problem of environmental degradation, which will be broad-casted to local media channels.

Additionally, a short theater performance (flashmob), handcrafted creations from recycled materials, a photo exhibition which will be conducted by the participants of the project, will also be regarded as project's final outcomes. Thus, a proper use of project's outcomes will assist us to have more local people engaged into recycling, especially young people and will also disseminate our concerns and potential solutions about environmental degradation.

- Participants need to be aged **over 18 years old**. (5paxs 18-30years old + 1 leader 18+)
We will **not** be able to invite anyone under the age of 18.

- We suggest you to take into consideration gender balance during the process of selection of candidates for this YE. Of course, this doesn't mean that you have to adopt low criteria for participants just in order to select both genders.

*Health Insurance:

- Health insurance will **NOT** be provided or reimbursed by the organizers. All participants are required to purchase health insurance individually, or get the free of charge formulary E-111 from your national social security that covers medical costs around EU member states (European Health Insurance Card).
- The participants will have to sign an individual **Preliminary agreement/solemn statement** (attached) that they are aware they have to cover their own insurance and to fully attend the project **as indicated above**.

*Working Language:

- Working language of this Youth Exchange is English. Some of the participants will be able to communicate in other languages as well, but we encourage the use of English along with your native languages during the informal time as well. The purpose of this is to build the group and the group spirit and ensure inclusion of all participants in the process. English will also most likely be the language of your future European projects, so it's worth practicing & dealing with the related concepts and technicalities in English as well.

*TRAVELLING to GREECE

- The Project will take place at Thermaikos Municipality, in the suburban region of Thessaloniki. The nearest airport is only 15 minutes far away from the centre of the city, while Thessaloniki's downtown is less than 25 minutes away.
- The nearest airport, International Makedonia Airport (SKG) has a lot of connections to many European cities, so it shall be easy for you to find a flight towards your country.
- **Participants should choose the cheapest means for their traveling.**
- Arrival at Thessaloniki. After picking up your luggage at the arrival sector, head to the exit of the airport. Twenty meters in front of the arrivals gate you will find the Bus- line stop. Get aboard at Bus- line Number 79 with direction towards IKEA. It takes only ten minutes to reach IKEA Bus Terminal Station. Get out of the bus, while arriving at IKEA Terminal Station.
- You will need to search Bus line Number 72 with direction towards Michaniona. This is just a piece of cake, because IKEA Bus Station is rather a small Terminal Station, serving up to 9 or ten lines.
- Travelling towards venue is approximately twenty minutes. As it is also depicted into the picture of directions, the closest bus- stop, is the entrance of the venue, named after "Sun Beach Hotel". There is also an indicated message, which is broadcasted as a text and voice format on a screen inside the bus. This message announces each next bus- station.
- **(Extra tip: In order to purchase a bus ticket, a 1 euro coin will be necessitated. There is an automated ticket vendor (machine) in every bus. A bus ticket which costs 1 euro, is sufficient for you to cover the whole distance towards the venue. There is no extra need in order to issue an extra ticket at the second bus line 72. Just remember to have one Euro in your wallet.**
- Also, you have the option to arrive at Athens airport, and then by train (about 5 hours) to Thessaloniki. Please, check www.trainose.gr for schedules and prices. We advise you buy the tickets beforehand in the internet.
