

Would you like to learn via non-formal education, discover new countries and make friends all over Europe?

You can have fun doing all of these, and at the same time acquire valuable life and working experience, by participating in EU programmes via EYCB.

Through our NGO you can experience independent life abroad, learn a foreign language and gain qualifications while helping others.

EYCB

Our mission is to support the self-realisation and personal development of young people through European educational programmes.

Using non-formal education, we foster intercultural dialogue, international cooperation and ultimately a strong and active European civil society.

In 10 years we have sent over 1200 participants for projects in 43 countries.

SHORT TERM PROJECTS

Take part in short-term (1 to 2 weeks) youth exchanges, training courses or seminars around Europe through the Erasmus+ program.

EVS

You can also participate in long-term (2 to 12 months) European Voluntary Service.

ACCOMMODATION & FOOD

Accommodation, food and activities are fully covered from the EU grant, as are essential travel expenses. The programme targets all young people and youth workers regardless of their social situation, ethnicity, religion or handicaps.

Follow the opportunities on our blog, EU4U: <http://eycb-eu4u.blogspot.cz/>.
