Entrepreneurs in the Village

READ ALL INFORMATION CAREFULLY BEFORE APPLYING FOR THIS YOUTH EXCHANGE!!!!

About the project

The youth exchange: “Entrepreneurs in the Village” was designed by Timis Torontal Intercommunity Development Association as a support of young people living in the villages near the Romanian – Serbian border. We chose to conceive this project to meet the needs of young Europeans, in especially in the rural environment with which we work, both we and our selected partners. According to these, in the rural environment is more difficult to set up a business and especially to support this business, and young people give up even before trying it. Through this project we want to implement the strategies of the Commission European Union in an active and practical way, easily understood by young people from different disadvantaged environments.

In this project, 42 young people from Cyprus, Portugal, Lithuania, Czech Republic, Italy, Hungary and Romania will better understand the concept of entrepreneurship, start up, scale up, promoting and sustaining a business in rural areas to ensure their independence in the future, to help the community they live in by offering goods and services tailored to their needs.

Aim of the project:

The aim of the project is to develop entrepreneurial spirit among young people in rural areas to achieve financial independence.

The main objectives:

- to develop the entrepreneurial spirit of 42 young people and 7 group leaders from the 7 partner countries;
- to train 42 young people and 7 group leaders from the seven partner countries in business management in rural areas;
- to empower the 42 young people and 7 group leaders from the 7 partner countries in their development and development implementing small businesses in rural areas;
- Improve the skills needed to sell and promote a business in rural areas for 42 young people and 7 group leaders from the 7 partner countries.
- develop creativity and innovative thinking of 42 young people and 7 group leaders in development business in rural areas through simulation, fair trade and discussions with various experts.

Participants

From each country will participate 1 group leader and 6 participants aged 18 - 26, in total 7 leaders and 42 participants. The participants speak/understand English and / or Romanian language. Young people come from disadvantaged backgrounds in particular from rural areas, but also from marginalized communities in major cities.

The project targets participants with low opportunities, most of them facing economic, social, cultural, disabilities, geographic.

Other information...

The currency - In Romania the currency is **RON**, we do not use Euro. The exchange rate can change but usually is like this **1 Euro = 4.8 Lei**. Do not exchange for less than 4.4 Lei. Life in Romania is usually cheaper than other European Countries. You can use almost everywhere your credit cards (Visa, Mastercard, etc)

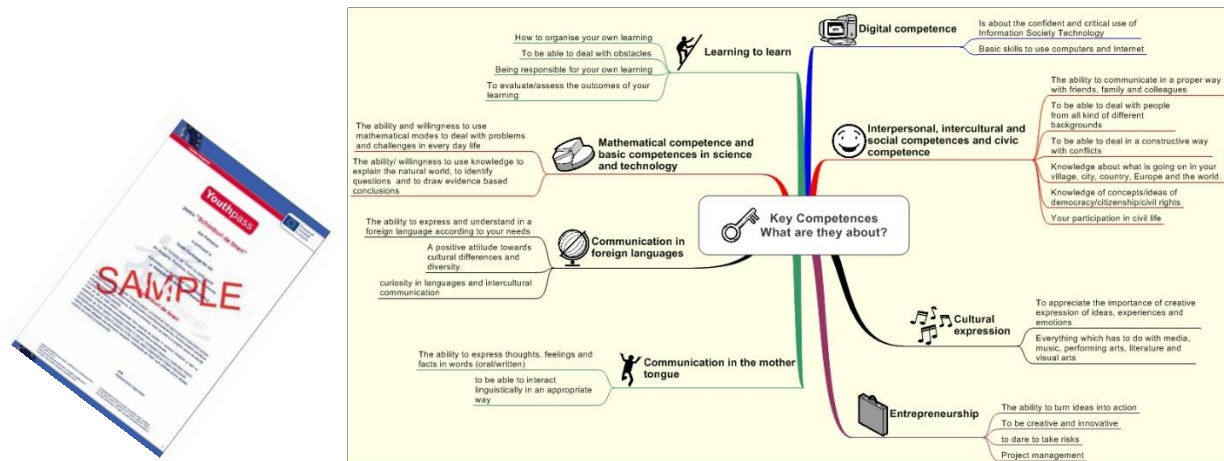

Health insurance - all partners have the responsibility in assisting the participants for obtaining the EHIC (European Health Insurance Card) which is free, or the participants will take care of this aspect by themselves. In Romania the Emergency services in Hospitals are free but let's hope it doesn't come to this 😊

Clothing and weather - as the weather can change from one day to another, we suggest you to have comfortable clothes and shoes for both situations, and be prepared in case of raining (which is most likely). In general, the weather in August is very warm but can be also capricious! The average temperatures in August in the area are 30-35° Celsius during the day, and the night at 15-20° Celsius. We suggest you to bring along **mosquito protection** to ensure your comfort while staying in Romania. You can even bring your swimming suit; we can never know what opportunities for relaxing in our free time can come 😊

Romania Time Zone: UTC + 2

!!!!!!If you have allergy to dust, pollen and other plants, please take the appropriate medicine with you!!!!!!

About Youthpass certificate...

All participants in the youth exchange have the option of receiving a Youthpass certificate which proves their participation in the exchange. Youthpass is a tool to document and recognize learning outcomes from youth work activities. It is available for projects funded by Erasmus+: Youth in Action (2014-2020). It is a part of the European Commission's strategy to foster the recognition of non-formal learning, putting policy into practice and practice into policy:

- While creating their Youthpass certificate together with a support person, project participants are given the possibility to describe what they have done in their project and which competences they have acquired. Thus, Youthpass supports the reflection upon the personal non-formal learning process and outcomes.
- As a Europe-wide recognition instrument for non-formal learning in the youth field, Youthpass strengthens the social recognition of youth work.
- Youthpass supports active European citizenship of young people and of youth workers by describing the added value of their project.
- Youthpass also aims at supporting the employability of young people and of youth workers by raising their awareness of and helping to describe their competences, and by documenting their acquisition of key competences on a certificate.

Your sending NGO should provide all relevant information about the Youthpass certificate and you can also check it yourself on the official website <https://www.youthpass.eu/en/>,
