# WHO WE ARE?

## **Association Youth Human Impact**

is an organization that gives young people creative opportunities for self-education and personal development in order to find a passion for acting.

We strive to arouse among our members the entrepreneurial attitude and sense of initiative.

We organize educational projects both in Poland and abroad.

We work in an unconventional way and focus on non-formal education. We have been operating since 2015, and in the first year of our activity we have had several strong projects on the Polish educational market, one of them being awarded the EDUinspiration of Ministry of Education in Poland.

# GENERAL INFORMATION ABOUT THE PROJECT

The role of the youth leader is to show the young person the direction in which to look, without imposing on him what to see.

We live in a world that is changing very dynamically and we, as youth leaders, have to help young people prepare for every eventuality. None of us can be sure that he or she will have a job that will do all life. That is why the role of a youth leader is so important.

Through practical learning, a leader is able to equip young people with the skills and competences that will allow them to move freely in the labour market. But what does it mean to be a youth leader?

In order to guide young people well, YL must have the competences and knowledge necessary to help young people. That's why our association wants to organise training – to help youth leaders, who are just starting out, to understand what it is all about.

## **That is why we organize training for young leaders.**

Each of us once started and searched for opportunities to gain knowledge about how to be a good youth leader.

We believe that our training will be a very good opportunity for leaders from different countries of the European Union to share their experiences, expectations of being a leader, as well as their fears.

Moreover, we want our project to give them a mutual opportunity for networking.

# PROJECT OBJECTIVES:

## **Through the project, we would like to:**

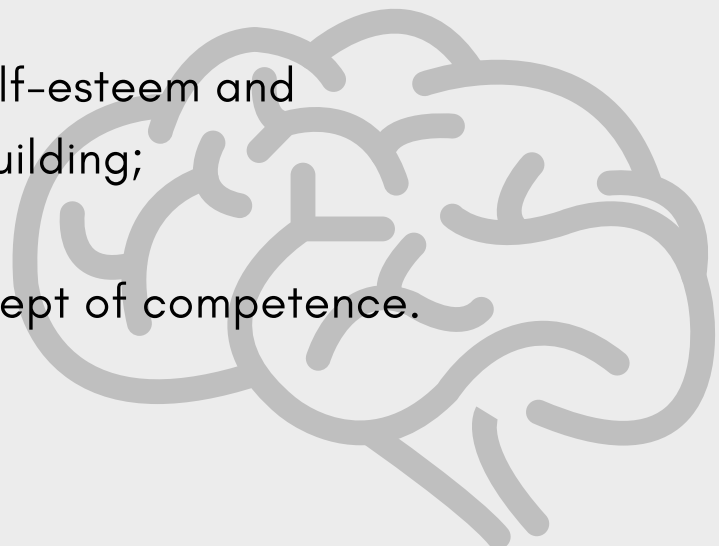

- Familiarize youth leaders with the types of European certification;
  - Make participants aware of what it means to be a youth leader, and what kind of youth leader has an impact on shaping youth;
  - Increase the knowledge of the role of non-formal education in youth leader's work;
- Equipping the leader with competences for facilitation and knowledge necessary for proper performance of his work;
- Increase the knowledge of youth leaders about the development opportunities they can offer to their pupils;
  - Familiarize youth leaders with types of competences (e. g. Youthpass Key Competences);
  - Enabling youth leaders from partner countries to discuss and exchange good practices.
