

# #GetUpStandUp

## Kick-off Meeting

## Info Pack

Nicosia, Cyprus

10-13 of October 2018

## #ProjectSummary

#GetUpStandup aims to raise awareness on remembrance, common history and human rights principles of the EU. Through remembering the historical facts of the German student movement, Prague spring, French May 1968, the Italian Movement of 1968 and the anti-dictatorship movements in Spain and Greece, we will examine the differences between the civil movements and political rights from 1968 until today!

The participating countries are Cyprus, the Czech Republic, Greece, Germany, Italy, and Poland. In total 10 organisations will participate.

During the first phase of the project, each organisation will organise a public intervention, with the aim to engage bystanders into discussions on previous and current civil rights movements and the distribution of human rights.

On the second phase, two organisations of each country will organise a public debate, concerning the distribution of human rights on a local level, comparing the previously mentioned historical moments with current ones and the ways in which citizens advocate for those rights. The debates will include representatives from various fields including the youth, civil and governmental sector.

The third phase of the project will be structured dialogue conferences, one in each country. The aim will be to come up with effective tools to maximise civil engagement in advocacy and a more active democratic participation. The outcomes and recommendations of this conference will be compiled into policy papers which will be distributed to the appropriate institutions of each country.

The last phase of the project, the international training courses, will be completed in Cyprus, Italy and the Czech Republic. Each T/C will examine the theory and practises of human rights advocacy in the EU, focusing on the previously mentioned time periods and today. Each T/C will focus on their field of expertise e.g. in Cyprus the T/C would be focused on Human Rights in conflict zones.

We would like to invite you to our **preparatory meeting** that will take place in Nicosia between **10-13 of October** (10th and 13th of October are the traveling days). The meeting will last for two days, 11th and 12th, and the main reason is for each partner to meet each other and to give more details of the programme.
