Summary of the Project

40 participants will join to our project from England, Spain, Slovakia, Sweden Poland, Czech Republic, Macedonia and Turkey. Our activities will take place between 2-9 october in Muğla. If our Project is approved, half of the participants will be chosen through our activities and other half will be people who works within our partners regularly about youth fields and volunteers. Participants must be who have never come in Turkey before.

Our Project is a kind of youth Project which brings closer youth people who are citizens of European Union countries and candidate countries for European Union. If we make a general explanation regarding the matter of our Project, participants will be informed by common methods of learning related European Union's structure and functioning which also includes cultural richness that has been provided by Union's multicultural societies structure's. Our purpose of the beginning to organize an event related to European Union candidation process for informing youth participants about European Union in the most correct way. Our Project proves how our county has been integrated with European Union and importance given to European Union in our country. Also we would like to eliminate prejudices on European Union and raising awareness about European Union. Another object of our Project is to be made youth participants think about 2020 European Union objectives and beefing European Union's Corporation structure up with youth participant's creative ideas that will be combined with their expectations about the future.

We would like to contribute to youth participants about expressing their own opinions and thoughts and create awareness on them refer to the importance of having more say in democratic platforms. Another goal of our Project is to provide youth participants who lives in member of European Union countries chance for cultural transmission.

We plan to create a web page includes news for youth interests and carry this page till 2020. We would like to encourage youth institutions about working more on European Union's structure and swell the ranks youth make benefit of Erasmus + program.
