Summary of the project

The platform Learn Together Web (<http://www.learntogetherweb.eu/>) is proud to announce a new project fostering social inclusion by learning together, “Learning 2B Together”. After “Play Together, Learn Together”, where we gathered to learn and share methods promoting social inclusion through sports; “Live Together, Learn Together”, where youth workers were visiting, sharing and improving local initiatives that promote social inclusion through coexistence and youth participation; It’s the moment for “Learning 2B Together”, a project that aims to empower and support youth workers in the importance of working with youngsters from a gender equality point of view.

These are the goals of the project:

- To know the reality of the gender role & gender equality in the participant countries.
- To reflect about non-sexist communication.
- To exchange good practices & tools about gender equality based activities with youngsters.
- To analyze & reflect about the way that mass media deals with gender equality
- To create a Video-Decalogue with practical advices for working with youngsters from a gender equality perspective.

Methodology & working spaces

From a general point of view, we will be working with a non-formal education approach and methodology. The program includes activities such as round tables, debates, and workshops held by a facilitator to create a common space for sharing and learning from each other. We will also have outside talks and speakers that will present their experiences & knowledge with us. Finally, we will gather all that knowledge in a video created by the participants that might help other youth workers to take in consideration a gender equality approach in the youth work.

There will be three different working spaces, all of them within a range of 5-7 minutes walking distances from the accommodation. Our main working space will be an old convent working as a cultural space built on 1270 over the ruins of an Arab bath, “Convent de la Mercè”. The other two working spaces will be used only certain times, in the Hotel Tryp Ciudad de Elche and the headquarters of Fundación Salud Infantil.

Accommodation

The accommodation will be in a 3 star hotel **TRYP Ciudad de Elche *****, in the very center of the city of Elche. However we encourage you to find more information about the accommodation and the city of Elche on the internet [?](#)
