CAREER

ANKARA, TÜRKİYE

02-08 December 2015

WHO WE ARE

- We are Non-Formal Youth Group called GROUP DOMINO as the project writing squad of KARYON (www.karyon.org) community of students founded with the aim of helping students direct their career plans within the scope of GAZI UNIVERSITY. (www.gazi.edu.tr)
- We are the KARYON student association members, established within Gazi University. KARYON is an organisation for the student career planning. Our target is to help student to prepare for the next stage in their career.
- To support our target planning we created project to develop young people's personal career goals. According to on the opportunities we arranged workshops. All the participations exchanged consideration about their cultural life style. Also they had time to observe career options in Turkey. Our project include 5 participants from 7 different countries(Czech Republic-Turkey-Serbia-Albania-Romania-Estonia-Hungary) spending 6 days together (between 02/12/2015-08/12/2015) so they will informed about employment and work force. In this manner they can have role in their countries future development. We are planning to assist their future with this project.
- This project is going to be implemented in collaboration with S&G System and Generation Association. www.systemandgeneration.eu

ABOUT THE PROJECT

- In modern times the competition is not easy for the people to achieve their goals in career section. They need to map a path to reaching their goal. For that reason we want to ensure and contribute to them when they draw that career map.
- The purpose of the project:
- We want to ensure that the participants will complete the following goals and objectives: teamwork, cross-functional collaboration, strategy and planning, problem solving, risk management, time management, resource management, creating competence.
- We want for the participants from other countries to gain a positive attitude towards Turkey and Turkish culture.
- Individuals have the ability to show the way in order to be associated with professional profiles.
- A more positive attitude to European Project and EU values.
- By encouraging the targeted capacity development in partner countries to strengthen the international dimension of education and training.
- Social, cultural and linguistic diversity is to provide more insight.
- By strengthening ties between youth and the labor market, increase young people's basic skills and competencies to labor market participation, promote intercultural dialogue.
- After project the main idea for participants is to increase their chances of career advancement.
- Increasing the personal development and self-reliance of the participants.
- Ensure the awareness of personal skills of the participants.
- After the mobility of the participants, increasing the motivation to take part in further education and training.
- This project's goal is to draw attention to youth employment and career, measuring the perception on the international level. We want to discuss with people how they organize their career plans. In this context, the point of making the participants' career plans to be open to different ideas, our priority is adequate training and could not be included in the state to have education in the labor market.

PROFILE OF PARTICIPANTS?

- Every group country in total will be represented by 4 participants(2 girls-2 boys 18-25 Years old) + 1 Group Leader(No Age Limit)
