

ERASMUS+

KEY1: MOBILITY OF YOUNG PEOPLE AND YOUTH WORKERS.

YOUTH EXCHANGE:

War & P.E.A.C.H.

War & People's Exodus Across Culture and History

TRISSINO, Vicenza (Italy)

20-29 July 2017

Description of the project

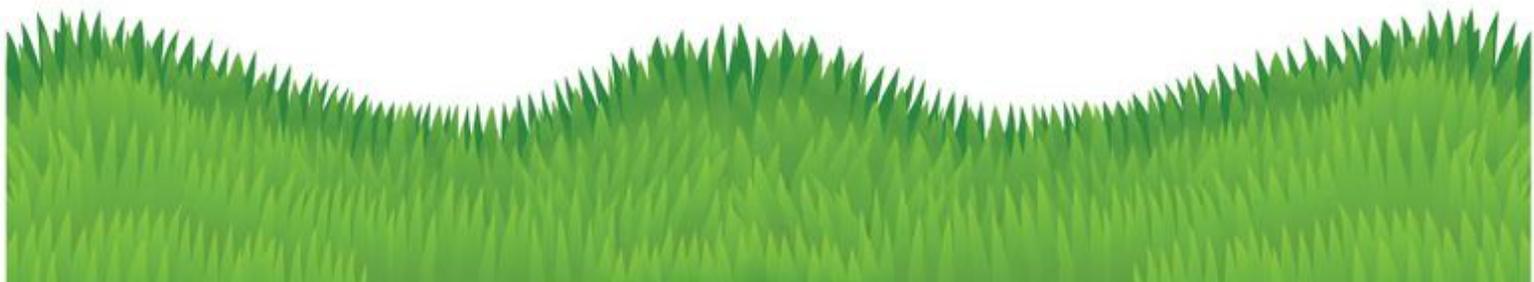

The Municipality of Trissino is proud to invite you to the Youth Exchange “War & PEACH” within the framework of Erasmus+, related to social inclusion and migration, also related to the theme of war. The focus is to create a multicultural environment where people will be able to share their experiences and knowledge.

Together, participants will recall stories of their relatives- who emigrated in the past because of wars and poverty and make a comparison with the life of migrants in the present.

**Travelling through migration in the past to better understand the present,
to make a better future.**

Objectives:

- To deal with stereotypes and prejudices, promoting **equal opportunities**.
- Encouraging **solidarity** through **creativity** and non-formal education.
- To increase young people’s awareness of migration and social problems, encouraging their **active participation** in these emergencies in their countries.
- Transmitting the social concept to new generations, in order to **sensitise youth awareness** of its development and enrichment, so that youth can play an important role in the process of cultural growth and exchange between civilisations.
- Meeting with witnesses to understand their experiences.
- Meeting with local young people (through non formal activities like interviews, games flashmobs, etc) to investigate their feelings regarding migration and to involve them in some participation activities (e.g.: a multicultural dinner, “the role game” and story telling).
