About the Project

The Project is about Wasting. In our daily life, unfortunately it is very easy to see the waste everywhere. We use and spend all the belongings unconsciously. For example, we waste water, energy, electricity, time, bread, money, medicine in our daily lives. We think that we have all those things and they are unlimited. In fact, if we noticed the importance of those mentioned staff, we would do our best to stop wasting. And we need to keep in mind that there are lots of people who need even one piece of bread and one sip of water. We understand the importance of water, bread, time, electricity etc. in their absence. But if we continue wasting those important substances, they will finish very soon. We believe that we need to raise awareness to the importance of those substances. And the first step of the youth will have more importance than others. We will try to find out the reasons of wasting, ways of stopping wasting, actions to put into practice, the responsibilities of the parents, teachers etc.

We will organize workshops, lectures, group-works, pair-works and social activities besides indoor and outdoor activities.

The project will be implemented between the dates 14 May 2017 - 20 May 2017.

The total number of the participants will be 40. The partner countries are Azerbaijan, Romania, Czech Republic, Georgia and Macedonia. Turkey is the host and coordinator of the project. Each partner will send 6 participants and there will be 10 participants from Turkey. The program will be 6 full days of activities.

Venue of the Project

The project will be implemented in Aksaray which is a small city in the very center of Turkey. It is a traditional Turkish city. It has 200.000 inhabitants in the center. It is 70km from Cappadocia Region. The capital city Ankara is 220km from Aksaray.

The participants will be accommodated in the hotel of the Tourism and Hotel Management High School. It is a public building (state building). The participants will stay in rooms for 3 people. Here is the website http://mebk12.meb.gov.tr/meb_iys_dosyalar/68/01/822935/icerikler/uygulama-oteli_361577.html

The arrival day of the project is 14 May 2017 (until dinner, around 18:00) and the departure date is 20 May 2017 after breakfast. (If you come to hotel earlier than 14 May, you will cover the accommodation for that night)

We will meet you at the bus-station in Aksaray. (Please call me when you get on the bus in Ankara or any other city before coming to Aksaray so that I can meet you)

What to Prepare

- 1) Each group will prepare at least 2 energizers before the activities here (So they should do practice before coming here)
- 2) There will be cultural nights to introduce the countries and cultures of the partners (Each group can do presentations, teach songs, teach games or dances, and if possible local foods and drinks (NON-ALCOHOLIC)).
- 3) We will stay in a public organization (the hotel is the practice hotel of the hotel and tourism high school so it is strictly forbidden to drink alcohol)
- 4) Participants need to bring their boarding passes, e-tickets, bus tickets, invoices etc. to be reimbursed.
- 5) All the participants should be active in all the project activities.
- 6) The weather is usually around 22- 23 celcius degrees at day time and 8 - 10 celcius degrees at nights.

Language

The Project language will be English and all participants are expected to use English as much as possible.

Costs

The accommodation, Food (breakfast,lunch,dinner) and local transportation in Aksaray center will be covered 100% from the Project budget. The travel costs will be covered according to Erasmus+ distance calculator tool

http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm

We will do the reimbursement on the last day of the Project if you bring all the travel documents like boarding passes, tickets,invoices etc.
