VENUE:

Both, the APV and the Youth Exchange will be implemented in Nuremberg, Germany. Nuremberg is the second-biggest city within the whole of the Bavaria state, it is a spirited and stimulating city, with the very reach history.

FOR THE YOUTH EXCHANGE:

The youth exchange will take place in Otto-Felix-Kanitz House. The hostel is located a little bit out of the city center, but it's easily accessible by public transport – you can get to the old town in less than 15 minutes. Participants will stay in nationally-mixed rooms (4-5 people each). Food will be provided by the venue.

Due to hard availability of the venue the APV will take place in the smaller hostel close to the city center. As we will be only 12 people we can have a more cozy place located directly next to the entrance to the old town.

The city of Nuremberg has an own airport. Although it is not very popular, many destinations have a very good connection with Nuremberg.

Getting to the city centre is very easy. You just need to take the train "U2" (in front of the arrivals terminal) and it will take you directly to the Main Railway station called "Nürnberg Hauptbahnhof".

In case you don't have a direct connection with Nuremberg you should book your flight to Munich. This is one of the biggest airports in Germany. From Munich you can very easily take a train arriving in the Nuremberg railway station (one hint: try to avoid trains called "ICE" they are very expensive).

More detailed instruction how to get to both hostels will be provided to the selected youth leaders before activities starts.

DURATION:

Project will consist of two activities: APV and the Youth Exchange.

The idea of the APV is to meet with the whole team of youth leaders, discuss the programme of the Youth Exchange and prepare together in the way that it reflects expectations of all partner organisations.
